PROJECT

1. Created a Portfolio Website for Myself Using
   - React (Vite)
   - TailwindCSS
   - CSS Animation
   - Vercel hosted

🔴 Live - https://deepakthapa.vercel.app

2. TextShare - a quick way to share text and document in no time
Using
   - React (vite)
   - Tailwindcss
   - Nodejs (server)
   - Mongodb (db)
   - Vercel hosted

🔴 Live - https://textshare-client.onrender.com

3. Sri Patro - a easy to nepali calender and panchang, kundali and many astrology related tools
   - React (vite)
   - DaisyUI
   - Tailwindcss
   - Nodejs (proxy server)
   - Vercel hosted

🔴 Live - https://sripatro.com

4. Chart wise (formerly Astro-charts) - an easy way to get all divisional charts for both (north & south) indian style along with many astrological data.

   - Nextjs15
   - DaisyUI
   - Tailwindcss
   - Free APIs for raw data
   - Vercel Hosted

🔴 Live - https://astro-charts-dp1p.vercel.app/

EDUCATION
   - BSc (Hons) Electronics Science (UG) - 3rd Year / 6th Sem

University of Delhi (Sri Aurobindo College) | Malaviya Nagar, New Delhi, Delhi, India

HACKATHON

- 2nd Place in Annual Coding Competition. (Created Expense Tracker)
